

Give the Rhyme

Listening For Rhyme

Materials: Rhyme Cards

Separate the rhyme cards into two piles with the pairs separated. Give the student one deck of cards and you keep the other. Place a card on the table, label the card, and ask the student for the rhyming pair. ("I have a house, do you have a mouse?"). Have the child place his/her card next to yours. As the student advances, label your picture and have the child find the pair without your verbal prompt (I have the house- do you have the picture that rhymes with house?)
